

BABBLE, BABBLE, BABBLE

Did you ever notice how much most people talk? We talk to our families, friends, and our friends' friends. But these days we hear lots of people talking to each other in languages we can't understand. Where did all these languages come from? Read Genesis 11:1-9 to find out!

Think About It

- The people were thinking about how great they were, not about God. Why do you think this displeased God?
- What are some things you are good at? Even if you have a lot of natural abilities, you can't do everything. You still have to depend on God. How is this good?
- What talents do you have? How can you use them to please God?

Facts and Fun

"Babel" sounds like the Hebrew word for "confused." The Tower of Babel was probably a ziggurat, a temple that looked like a pyramid which was used for worship. Most ziggurats had seven stories. Each story was slightly smaller than the one below it.
